Shenyang Artisan Supplies Co.,Ltd

Artisan is a Chinese factory with 28 years 'experience, specializing in the development, manufacture and sale of outdoor supplies and related materials.

We are the vice-chairman unit of the Insulation Material Branch of China Electrical Appliance Industry Association and vice-chairman unit of China, Composite Material Industry Association. We are one of the drafting units of the national standards for composite materials and insulation materials in China.

Depending on a high-quality R&D team consisting mainly of Ph.D. and M.A., our products meet many national product standards, such as DIN of Germany, NEMA of the United States, JIS of Japan, and some of them even meet MIL-I standards of the U.S. military. All product meet the requirement of RoHS/CE/SGS/ISO standard. We have exported to more than 50 countries and regions and established long-term and stable cooperative relations with many home and abroad well known companies.

Carbon Fiber Introduction

Description:

Carbon fiber plate is formed by using resin infiltration and hardening of carbon fiber in the same direction, which can effectively solve the problems of multi-layer carbon fiber distribution and large amount of work, with good reinforcing effect and convenient construction.

Using high quality carbon fiber raw material and good basic resin, carbon fiber plate has high tensile strength, corrosion resistance, shock resistance, impact resistance and other good properties.

Applications:

- (1)Knife Handle,Gun Grip
- (2)UAV Drone Copter FPV frame parts
- (3)Heli RC Racing Car parts
- (4)Medical X-ray machine Carbon Parts
- (5)Carbon fiber art Products
- (6)Sports products

Advantages:

- * Extremely strong in certain applications
- * Ultra lightweight
- * Modern, high-tech look
- * The next generation luxury material
- * Amazing tensile strength and beautiful pattern

Product Series

1. 100% 3k Carbon Fiber
2. Carbon Fiber - Colorful Thread
3. Carbon Fiber - Electroplated
4. Shred Carbon Fiber
5. Damascus Carbon Fiber

100% 3k Carbon Fiber

Texture: plain/twill

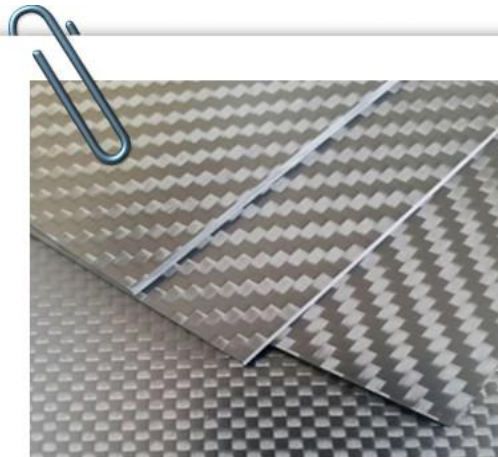

Surface: gossy/matte

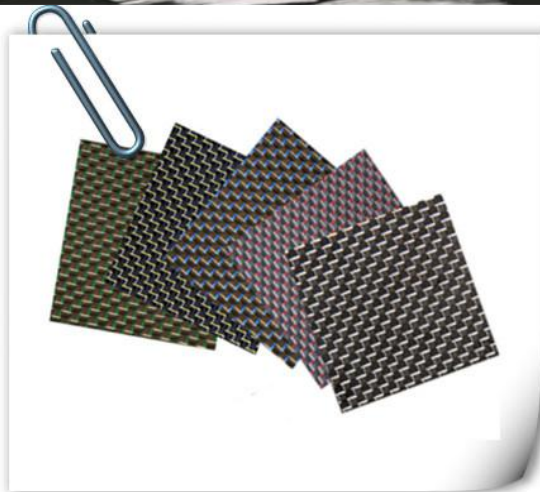

Color: black/silver

Size: 500×500mm / 1000×1000mm

Thick: 0.25mm to 50mm

**Price: Please inform required size
and thickness to get a quote**

Carbon Fiber - Colorful Thread

100%3k carbon surface+blak

unidirectional carbon fiber middle

Texture:plain/twill Surface: gollys/matte

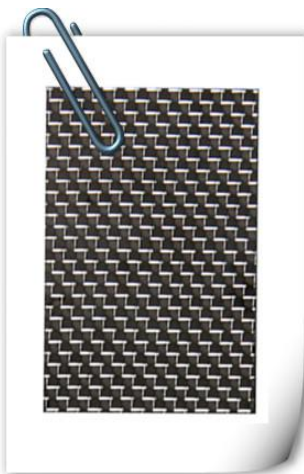

Size:500×500mm /1000×1000mm

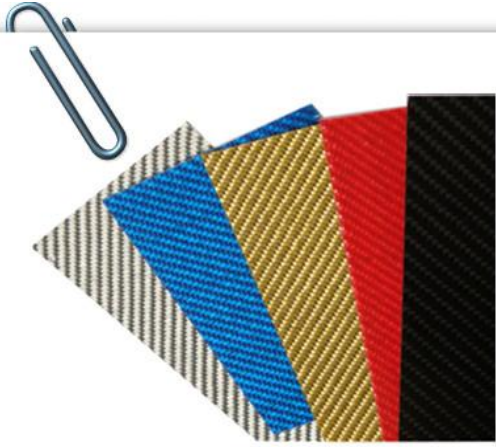

Thick:0.25mm to 50mm
